

Our approach to learning is simple. Let them grow.

At Creative Academy® our mission is to provide the finest nursery and preschool education. Creating lifelong learners of children ages three months to five years-old through a curriculum inspired by the natural curiosities of children and guided by the New York City Bureau of Childcare Early Learning Standards.

To accomplish our mission and act on our beliefs, we focus our curriculum on the whole child—cognitive, physical, social and emotional, always remembering they are growing within a family. Our teachers recognize the importance of safe, supportive relationships and interactions with children and their families. We use developmentally appropriate practices that promote child-guided, active exploration of meaningful questions and “wonderings” about their world. Since children’s world views begin in their homes, family voices and culture are incorporated into our classrooms and programs.

Nursery & Preschool
Infant Nursery
3 to 18 months
Creative Toddlers
18 to 36 months
Preschoolers Plus
3 to 5 years

Serving Williamsburg, Greenpoint & Bushwick

A decorative graphic featuring a vertical column of colorful circles (orange, blue, green, purple, pink, yellow, orange, blue) on the left. On the right, there are stylized letters: a green 'A', a blue 'B', and a purple 'C'. A photograph of a young girl's face is partially visible behind the letters. Below the letters, the text 'A place to LEARN and GROW and SHARE and SUCCEED.' is written in various colors. At the bottom right of this section is another owl illustration.

A place to
LEARN and **GROW**
and **SHARE** and
SUCCEED.

CREATIVE ACADEMY

early education & childcare

Creative Academy® is unsurpassed in the child care industry, but don't take our word for it. We invite you to tour our brand new center so that you will understand just how unique we are. We are confident that you will not find another program that offers the level of educational value, safety standards and fun-filled activities that we bring to each and every child on a daily basis.

We have a lot to offer your child and hope that you will entrust us with the responsibility. You want the best for your child and so do we!

A caring environment that fosters creativity & learning.

Early development is fundamental to the growth of your child.

Creative Academy is built on values and beliefs that support a positive learning environment:

- We recognize and value young children's healthy development and learning.
- We understand that a high-quality early child care environment is a safe, respectful, responsive and positive place to learn and grow.

Our Philosophy

Creative Academy® is a respectful, responsive, safe, and positive place to be. It is a place that supports children in actively engaging with their world to establish healthy relationships with others, in solving interesting problems, and in figuring out who they are and how they fit in their family and community. Families feel connected to Creative Academy knowing their children are cared for and nurtured in a way that respects their own cultural and familial beliefs. It is a place where families will learn and have their voices valued.

Teachers & Parent Involvement

On a daily basis, children attending Creative Academy will participate in both teacher directed and child-guided learning experiences. We balance instructional formats by offering ample play opportunities in rich environments as well as large group, small group and individual learning opportunities coordinated by teaching staff. We recognize children require different instructional strategies to gain the wide range of skills and broad knowledge base they need to understand their world and to succeed in kindergarten and elementary grades.

INFANTS, TODDLERS & PRESCHOOL

Ages 3 Months to 5 Years

Our children begin absorbing the fundamentals of education and social development at a very early age. We therefore begin our curriculum and programs at 12 weeks old. Parents can rely on our loving, dedicated staff of infant caregivers, chosen for their warmth and affectionate personalities. They provide nurturing, age appropriate stimulation and lots of love.
